

## **Drama**

Drama is one of the great forms of human expression. Our drama education at RKS begins naturally in the Early Years with learning through role play; eventually, it includes many elements of theatre.

During the year, pupils have the opportunity to pursue drama and public speaking through a whole host of activities, from staging a performance to achieving success in internationally recognised exams. Every single child in the school takes part in a yearly production, from the Grade R Nativity performed on stage in our hall to the Year 5&6 show staged at Royal Kings School.
