

## **Musical Arts**

Everyone at RKS is involved in music, both in the classroom and via extra-curricular activities. Class music lessons start in Reception, and most of our pupils also learn one or two instruments on an individual basis and join in with various musical clubs.

In class we learn essential music skills through singing, playing, listening, notating, composing, and performing. Children can learn to play piano, any string, woodwind or brass instrument, drum kit, voice, harp and guitar. We run choirs, orchestral ensembles, a music technology club, and a performing arts group.

We believe music is for everyone; everyone can delight in music and learn to be a musician at their own level, whether simply for enjoyment or as a passion for life.
